BILLING CODE 6717-01-P  
DEPARTMENT OF ENERGY  
FEDERAL ENERGY REGULATORY COMMISSION

Constitution Pipeline Company, LLC

Docket Nos. CP13-499-000  
PF12-9-000

NOTICE OF APPLICATION

Take notice that on June 13, 2013, Constitution Pipeline Company, LLC (Constitution), having its principal place of business at 2800 Post Oak Boulevard, Houston, Texas 77056-6106, filed an application in Docket No. CP13-499-000 pursuant to Section 7(c) of the Natural Gas Act (NGA) and Part 157 of the Commission's Regulations, for a certificate of public convenience and necessity to construct and operate approximately 122 miles of 30-inch diameter pipeline and related facilities. The proposed project extends from Susquehanna County, Pennsylvania, through Broome, Chenango, Delaware, and Schoharie Counties, New York.<sup>1</sup> Constitution further requests that the Commission grant Constitution a blanket certificate authorizing Constitution to construct, operate, and abandon certain facilities under Part 157, Subpart F, of the Commission's regulations and a blanket certificate authorizing Constitution to provide transportation services on an open access and self-implementing basis under Part 284, Subpart G, of the Commission's regulations, all as more fully set forth in the application, which is on file with the Commission and open to public inspection. This filing may also be viewed on the web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or call toll-free, (886) 208-3676 or TTY, (202) 502-8659.

Any questions regarding this application should be directed to William H. Hammons, Staff Regulatory Analyst, Rates and Regulatory, Constitution Pipeline Company, LLC, P.O. Box 1396, Houston, Texas 77251, or by calling (713) 215-2130 (telephone) or (713) 215-3483 (fax) [william.h.hammons@williams.com](mailto:william.h.hammons@williams.com).

---

<sup>1</sup> Iroquois Gas Transmission System, LP, has filed, in Docket No. CP13-502-000, a concurrent application requesting authorization to construct, install, own, operate, and maintain certain new compression facilities to be located in Wright, New York, and to modify certain existing facilities at that same location, and to lease the incremental capacity associated with these new and modified facilities to Constitution as part of this proposed project.

On April 16, 2012, the Commission staff granted Constitution's request to use the pre-filing process and assigned Docket No. PF12-9-000 to staff activities involving the project. Now, as of the filing of this application on June 13, 2013, the NEPA Pre-Filing Process for this project has ended. From this time forward, this proceeding will be conducted in Docket No. CP13-499-000, as noted in the caption of this Notice.

Pursuant to section 157.9 of the Commission's regulations, 18 CFR 157.9, within 90 days of this Notice, the Commission's staff will either complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission's staff issuance of the EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to reach a final decision on a request for federal authorization within 90 days of the date of issuance of the Commission staff's EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's

environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426. See, 18 CFR 385.2001(a) (1) (iii) and the instructions on the Commission's web site under the "e-Filing" link.

Comment Date: July 17, 2013

Dated: June 26, 2013

Kimberly D. Bose,  
Secretary.
